Tim Singer to assume vice chair position at Gold Coast Master Brokers Forum

The Gold Coast Master Brokers Forum, a networking group comprised of South Florida's top residential real estate professionals in Broward and Palm Beach County, has named Tim Singer its incoming vice chair.

Singer, a founding board member who previously served as MBF secretary, will assume the position from Phil Keagy, who served as vice chair since the group's establishment in 2005.

Singer has been a top performer at Coldwell Banker since 1987, earning a place in the brokerage's Legend Society. The Ohio native specializes in Ft. Lauderdale's Las Olas, Coral Ridge, Victoria Park, Rio Vista, Sailboat Bend and Wilton Manors areas.

"For more than 15 years, we have worked hard to establish the MBF as the premier networking group for residential agents and brokers in the region," said Singer in a press release. "I am excited to build on this success in the coming years, to grow our membership, and to support my fellow board members in this new position."

Eduardo Pereira named vice president of property for Florida East Coast Realty

Florida East Coast Realty has appointed Eduardo Pereira to lead the company's property management team and oversee its multi-million square foot portfolio.

Pereira, a licensed real estate broker, will be responsible for the managing, leasing and operations of all residential and commercial properties and oversee the competitive selection of contractors, vendors and suppliers for property management operations, along with service contract negotiations, purchasing approvals and disbursements for all buildings.

"Eddy Pereira's extensive experience and knowledge in property management make him a great addition to our team," said FECR Senior Vice President Austin Hollo in a press release. "He is an exceptional professional, and we are confident that he will continue to add great value and set high standards for our vast portfolio throughout South Florida."

In addition to being named Vice President of Property Management for FECR, Pereira serves as the on-site property manager of One Bayfront Plaza, a 700,000-square-foot office/retail building in downtown Miami. Additional properties under his direction include Panorama Tower (the tallest building in Florida), 1101 Brickell, Colonnade Plaza, and Opera Tower, as well as 2020 Ponce and Villa Majorca in Coral Gables. He is also responsible for Sea Isle Marina & Yachting Center, a full-service marina in downtown Miami.

Pereira is the immediate past president of the Community Association Institute's Southeast Florida Chapter serving Miami-Dade, Broward and Monroe Counties and is an instructor at Gold Coast Professional Schools teaching pre-licensure, CRAM and continuing education courses to community association candidates and managers.
