Tibor Hollo, Chairman & President of Florida East Coast Realty (FECR), was recently honored at the REact 2022 Real Estate Conference with the Lifetime Achievement Award by FIU's Tibor and Sheila Hollo School of Real Estate. Hollo is considered the architect of modern Miami and has made his mark by continuing to innovate, push boundaries, and reshape the Miami skyline. He and his wife, Sheila, are also responsible for the creation and development of what has become the No. 1 Master of Science in International Real Estate (MSIRE) program in the nation.

Founded over 60 years ago, the Hollo family and FECR have built more than 60 million square feet of construction, consisting of landmark residential and commercial high-rises, single-family homes, government buildings, marinas, high-end retail centers, warehouse complexes, and telecommunications centers.

Panorama Tower, FECR's recent major development, is the tallest residential building on the eastern seaboard south of New York and rises 85 stories over the Miami skyline, in the epicenter of Brickell Avenue. Representing nearly three million square feet of construction, Panorama

contains 821 luxury apartments, along with a 19-story pedestal including a 208-room hotel, 100,000 square feet of office space, 50,000 square feet of high-end retail/restaurant space, and a 2,000-car parking garage.

Looking forward, FECR's grandest project to date will be the new One Bayfront Plaza. This global landmark will be a mixed-use development of contemporary modern design, encompassing over three million square feet, principally comprised of high-end residences, premier class A office space, and a luxury convention hotel. Additionally, within the pedestal base that will span two full city blocks, the edifice will include an upscale retail mall and parking garage. The tower will be Miami's signature project and the tallest building in the skyline, reaching a height of 1,049 feet above Biscayne Bay, with 360-degree, panoramic views truly beyond compare.

Throughout his career, Mr. Hollo has been an active participant in over 40 civic, fraternal, and religious organizations and has earned numerous awards and accolades.
