May 10, 2023

Tibor and Sheila Hollo have celebrated the opening of the coveted 35,500 square foot park that so many urban Miamians have grown to love and enjoy with their families. Located at 1814 Brickell Avenue, the heavily landscaped park includes enhanced playground equipment, shade structures, beautiful views, decorative fencing, modern lighting, meditation benches, and a dog park. The park also features a memorial created from one of the last remaining steel beams unearthed from the ruins of the World Trade Center.

A ceremony took place on Monday, May 1st at 11 a.m., including the Hollo family, friends, and team members. Dignitaries from the City of Miami and Miami-Dade County officially honored Tibor and Sheila Hollo as another example of the vast amount of time and resources that they have invested in the redevelopment of the Brickell corridor. Representative Carlos Gimenez recognized Mr. and Mrs. Hollo with a key to the city and a proclamation, stating that May 1st is now “Tibor and Sheila Hollo Day” in Brickell.

“We love the vibrant Brickell area and the hustle-bustle of its live-work-play environment, but there is always room for a restful, quiet greenspace for the public to enjoy,” said Sheila Hollo, philanthropist, community leader, mother, and grandmother.

In 2014, the Tibor and Sheila Hollo Charitable Foundation donated the funds necessary to acquire the land and pay for park improvements. Former City of Miami Commissioner Marc Sarnoff pushed to get the park redesigned and constructed for the Brickell community at the time.

The Hollo family, founders of Florida East Coast Realty (FECR), were early visionaries of the redevelopment of Brickell, Downtown Miami, and the Omni District. Founded over 60 years ago by Tibor Hollo, Florida East Coast Realty (FECR) has built more than 60 million square feet of construction, consisting of landmark residential and commercial high-rises, single-family homes, government buildings, marinas, high-end retail centers, warehouse complexes, and telecommunications centers. The company has developed, owned, and managed a wide array of properties, with sustained growth in multiple real estate sectors. With new ideas and ambitious projects on the drawing board, the Hollo family and the entire FECR team are eager and ready to continue innovating, pushing boundaries, and reshaping the Miami skyline for many years to come.
