Panorama Tower is taking amenities to new heights. Known as Florida's tallest tower, Panorama invites die hard soccer fans to watch the World Cup (and all other major sports events) in its dedicated sports movie theater. With the 2018 FIFA World Cup entering the quarter-finals, I wanted to see if you'd be interested in covering this amenity for sports fanatics.

Within 650 square feet of space, this theater will host popular sports games like the FIFA World Cup, the World Series, Super Bowl, NBA Finals and every game in between. Accessible to residents and their guests, the sports theater will comfortably accommodate larger groups – offering couch seating and low-set tables in a private setting. Upon entry, residents can purchase snacks and beverages before and after showings at the plush theatre bar, “Club Osteria Del Teatro.” You can view the cinema, [here](#).

The sports theatre is one of three movie theatres located inside Panorama Tower's Cinema. Located amongst 100,000 square feet of amenities, the three-theater cinema offers stadium-style seating and handicap and wheelchair viewing spaces.
